Experience

Lab Monitor | TXST Fab Lab | San Marcos, TX

February 2024 – May 2024

Served as the supervisor of the Fab Lab at Texas State University, overseeing operations, and providing assistance to students utilizing a variety of lab equipment, including spiral binders, paper guillotines, and spray hoods. Additionally, maintained a clean and organized lab environment.

Printing Technician | TXST RISO Studio | San Marcos, TX

August 2023– December 2023

Produced high-quality prints for students and staff using various printing equipment, including RISO printers, spiral binding machines, and ink-jet printers. Demonstrated proficiency in managing printing processes and ensuring the production of visually appealing materials.

Design Intern | Eduphoria! | Austin, TX

May 2023– July 2023

Worked with Eduphoria's design team to create social media posts, pitch decks, and proposed a replacement product logo. Gained practical experience in designing for a professional setting, incorporating user-centered design principles. Supported lead designers in executing high-quality work under tight deadlines, ensuring timely project completion.

Cook | Earth Burger | San Marcos, TX

November 2022– June 2023

Quickly established as a dependable team member at Earth Burger. Managed grill cook duties while also overseeing line restocking, dish pit maintenance, and closing responsibilities. Known as the go-to person for assistance during closing shifts and contributed to training new hires on grill operations, closing procedures, and sanitation standards.
